SUPERIOR COURT NOTES

Judge Thomas C. Denny called the calendars in both departments of the Superior Court Monday, and the cases were disposed of as follows:

The cases of F. W. Vowinckel vs J. H. Jenkins, and John O'Brien vs L. D. Batchelor were continued to September 3.

Default was entered in the actions of Irwin W. Beery against Clara E. Beery and A. H. Richardson against L. L. Jewett, as administrator of estate of T. J. Gould.

Motion to set aside interlocutory degree in suit of Elizabeth Coulter against Charles Coulter, submitted.

D. Gilbert Sumner was allowed another week to show cause why he should not be punished for contempt in failing to pay alimony and attorney's fees.

Suit of Lotta Whilhite vs Lawrence Wilhite, dropped from calender.

Community interest in homestead was vested in Johnathan Roberts.

Demurrer in action Charles Brown vs. Great Eastern Quicksilver Mining Co., submitted.

Action of Mary Burns vs. John Burns continued to August 5, to be set.

In the probate court accounts were settled, allowed and estates ordered distributed as follows: Jacob We[illegible]y Ann La Port, deceased, Mary J. Wiggins, deceased, Geo. A. Smith, deceased.

Continuances were made in the estates of Waldo Tomasini, minor, to August 5; Eleanor Armstrong, deceased, to July 24; Sallie A. Stone, deceased, to July 29; Eleanor E. Litton, deceased, to July 29; Waldo A. Tomasini, an incompetent, to August 5; Giovanni Valerga, deceased, to July 29.

Estate of Felix H. Newman, deceased, was ordered distributed.

Third annual account of D. Q. Johnson, as guardian Eunice Ballou, an incompetent, settled and allowed.

Sale of real estate in the estate of John C. Parkerson, deceased, to W. A. Watson, for $2,500. confirmed.

Letters administration were granted to W. H. Bailey, in estate Micheal C. Bailey, deceased; to Lillian Braman, in estate of C. E. Barham in estate of Telford Lowe, deceased.

Thousands of people are daily suffering with kidney and bladder troubles—dangerous ailments that should be checked promptly. DeWitt's Kidney and Bladder pills are the best remedy for backache, weak kidneys, inflammation of the bladder. Their action is prompt and sure. A weeks treatment for 25c. Sold by L. S. Simmons.

Sending Truth After a Lie

John Graham, in a letter "from a self-made merchant to his son," says: "Sending the truth after a lie that has got a running start is like trying to round up a stampeded herd of steers while the scare is on them. Lies are great travelers and welcome visitors in a good many homes, and no questions asked. Truth travels slowly has to prove its identity, and then a lot of people hesitate to turn out an agreeable stranger to make room for it.

A cleansing, clean, cooling, soothing, healing household remedy is DeWitt's Carbolized Witch Hazel salve. For burns, cuts, scratches, bruises, insect bites and sore feet it is unequaled. Good for piles. Beware of imitations. Get DeWitt's. It is the best, sold by L. S. Simmons.

Arthur Schell Married

Arthur Schell, a former well known Sonoma Valley boy and brother of F. A. Schell of Schellville, was married in Paris, France, on June 19th last, to Miss Nevada Dunn, an American girl visiting in that city.

Immediately after the ceremony Mr. and Mrs. Schell started in their auto for a tour of Italy and the continent. Mrs. Georgiana Guimaraes, a sister of the groom, went from her home in Rio Grande, Brazil, to attend the wedding. Mrs. Guimaraes expects to come here soon on a visit to her mother, Mrs. Georgiana Schell and brother, F. A. Schell, whom she has not seen for over twenty years. Arthur Schell and his bride are also expected to make a visit at the old Schell homestead in this valley.

Was in Poor Health For Years

Ira W. Kelley, of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure and I desire to add my testimony that it may be the cause of restoring the health of others". Refuse substitutes. L. S. Simmons.

Boyes Hot Springs

This year marks the high water water mark in the number of patron of Boyes Hot Springs. The management have not been able to accommodate the hundreds of bathers that visit the springs daily and are arranging to enlarge the bath house and add twelve more tubs. An average of about 35 guests have been stopping at the springs for the past two months. J. W. Kelley, of the bottling works, finds it difficult to fill all his orders for Boyes Hot Springs Mineral Water.

War Against Consumption

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. L. S. Simmons.

Prominent Merchant Dead

In the passing of O. A. Hale, prominent merchant and promoter, California has lost one of her most valued citizens. Mr. Hale expired in a San Francisco hospital after an operation for appendicitis. He was only 55 years of age and in business activities and generous efforts directed towards upbuilding of the state, was really in his prime.

His death is a distinct loss to the commonwealth.

When there is the slightest indigestion, heart burn, flatulence or any form of stomach trouble take take a little kodol occasionally and you will be afforded prompt relief. Kodol is a compound of vegetable acids and contains the juices found in a healthy stomach. Kodol digests what you eat, makes your food do you good. Sold by L. S. Simmons.

The trouble with the Cubans is that in the matter of self government every man wants to be the self.

Nearly all old-fashioned Cough syrups are constipating, especially those that contain opiates. They don't act just right. Kennedy's Laxative Cough Syrup contains no opiates. It drives the cold out of the system by gently moving the bowels. Contains Honey and Tar and tastes nearly as good as maple syrup. Children like it. Sold by L. S. Simmons.

Man is the only animal that requires religion to help him to live a common sense life.

When the baby is teething it is cross and restless; it becomes feverish, and in many cases vomits a great deal and often times cannot even keep cool water on the stomach. All the delicate little organs of the stomach are affected, bringing on colic and diarrhoea. CASCASWEET for babies and children makes the stomach right and allays inflammation and prevents irritation. CASCASWEET makes baby happy and well. Sold by L. S. Simmons.

Demented Man Found

Last Sunday, a young man was found wandering about the vicinity of El Verano and west of town, barefooted and minus his hat, coat, and vest. He had a large pan and was getting water from the creek and making mud pies from the dust along the road.

His peculiar actions and wild ravings alarmed the people in the neighborhood. The unfortunate man was brought to town by E. E. Harris and turned over to Constable Ryan who put him in a safe place. He proved to be Eddie Lydon, of San Francisco, whose brother is a member of the real estate firm of Lydon & Egan Co., Sutter St., San Francisco.

Later:—The sick man has been removed to Green's Sanitarium where he is gradually improving under the care of a physician and by careful nursing. He will probably be all right again in a few days.

G. B. Burhans Testifies after four Years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It promptly stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble. L. S. Simmons.

Peaches Are Peaches

The cannery at the county seat is paying $45 per ton for freestone peaches and offering $65 per ton for clings. There is a light crop this year but the good prices will probably net as good, if not better returns for the fruit farmers than any former year.

Stimulation Without Irritation

That is the watchword. That is what Orino Laxative Fruit syrup does, Cleanses and stimulates the bowels without irritation in any form. L. S. Simmons.

If the work between meals is all right, the work at meals is all pleasure.

Bad sick headaches, biliousness or constipation are quickly relieved by DeWitt's Little Early Risers. Small pill, sure pill, safe pill—prompt and pleasant action, sold by L. S. Simmons.

The real villian of romance is the man who won't propose.

The woman who figures in the news usually cuts a sorry figure.

Quick Relief For Asthma Sufferers.

Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. L. S. Simmons.

FRIDAY JULY 26, 1907

To Celebrate Admission Day

The members of Sonoma Parlor, No. 111, N. S. G. W., are earnestly discussing the proposition of giving a rousing celebration in Sonoma on Monday, Sept. 9, Admission Day.

So far the patriotic citizens of Sonoma have greatly encouraged the idea and if sufficient financial aid is promised a rousing celebration will be given. Many attractions are talked of and no doubt there will be something doing every minute of the day and evening.

The historic old town is growing and prospering in an unprecedented degree and every progressive on intelligent citizen is in favor of keeping the ball a-rolling. Let us celebrate in proper style. We can do it. There's no such word as "can't".

Fault in Pure Food Law

The U. S. Pure Food Law, while an excellent one on general principles, has a few provisions that need correction. One we have in mind, provides that only a very small percentage of sulphur is allowed preserving and curing dried fruit. Everybody knows that without the use of sulphur, dried fruit would not last and would soon become unfit for human consumption if not absolutely dangerous food. About three times the amount allowed by the new law is now used in the preparing of California dried fruit which has a reputation all over the world as being the purest and best food product of the kind on the market. Sulphur used in the drying process adds to the food value of the dried product and is good for the blood.

The attention of the officers has been called to this provision of the law and promise has been given that immediate attention will be given it. As the government has no desire to injure this great industry of the West, no doubt that a change will be made especially when the objects of the law, pure food for all, will be better carried out by allowing the usual amount of sulphur to be used in preparing the fruit.

Popular Sonoma Valley

Never before in the history of Sonoma Valley has there been so many visitors registered at the various resorts, attracted here by our uniformly mild and agreeable summer climate and the health giving springs that have made the valley known far and wide.

All the resorts are taxed to their utmost cap city and all available tents have been secured and have been placed about the different summer places.

Agua Caliente never entertained so many people in any one year before and have been going in all directions outside to secure rooms for their guests, over four hundred being registered at this popular health resort.

This condition speaks well for good old Sonoma Valley, the choicest section of the Golden West for health, for pleasure and as an ideal place for a home.

Prof. T. A. Lewis Elected

The many friends here and elsewhere throughout the state will be glad to learn that he has just been elected principal of the Union High School at Brentwood, Contra Costa Co., at a good salary. The position was formerly held by Mr. Russell who has been elected principal of the local high school. Mr. Lewis will open school in Brentwood on Aug. 5th next.

TIME IS CLOSE

The voting contest for the valuable prizes offered by the Sonoma Valley Expositor for the most popular summer resorts in the valley will soon end. It behooves those desirous of winning to get busy and secure votes.

History repeats itself and in all probability those who are the most energetic and perservering, keeping at it to the end will win the victory. It's an old saying. "Opportunity knocks but once at the door." Don't miss this opportunity.

Every yearly subscription, new or old, counts two hundred votes Every resort has its friends. Which one has the most? The votes will tell. Ask your friends to give you the votes when paying their subscription or if they do not take the Expositor ask them to subscribe for the best and most progressive paper before August 1.

The final result will be announced in next Friday's paper.

Succumbs to Injuries

After a brave struggle for life for seventeen days, Mrs. Amelia Andre, the lady who was so severely burned on July the Fourth, passed away at Green's Sanitarium on Sunday last.

Everything possible was done to alleviate her sufferings and a heroic effort was made to save her life for which some hopes were for a while entertained. But fate was against the unfortunate lady and her soul passed to that other world where sorrow and suffering are no more. Her husband and relatives are heartbroken over her untimely death.

Deceased was born in Portugal twenty five years ago and came to this country with her parents when a mere child. At the time of her demise, she had been a happy bride of only six months.

In writing an account of the terrible accident, the name given us was Mrs. Henry but the correct name was Andre.

A large number of sorrowing friends and relatives attended the funeral which took place from St. Francis' Church last Tuesday morning at 10 o'clock, Rev. Father Leahy officiating. All that was mortal of the beloved woman was laid to rest in the Catholic Cemetery.

PIONEER LADY CALLED

Last Tuesday evening at her home on Broadway, Mrs Catherine Copeland, widow of the late Wm. Copeland and a highly respected pioneer of this valley, passed to her eternal reward. Deceased was born in Missouri 81 years ago and moved with her late husband to this place 50 years ago. Old age and a general breaking down of the system was the cause of death.

Wm Copeland was a veteran of the Mexican War and preceeded his good wife to the better world, just 5 years ago to a day. The funeral was held from the Copeland home on Broadway yesterday afternoon at 1 o'clock and a large number of relatives and friends gathered to show the last token of respect to one they had loved in life.

One daughter, Miss Octavia Copeland, is left to mourn the loss of a noble, beloved mother.

Helped Himself

On Tuesday afternoon, a stranger entered a home in this city and proceeded to get away with a loaf of bread and a bottle of wine. The man of the house came in and discovered the fellow in the act of appropriating the stuff for the inner man. The uninvader was very quickly persuaded to leave his booty and the premises. He hurriedly went on his way, but not rejoicing.

Eclipse of Moon

A partial eclipse of the moon was observed here shortly after 8 o'clock Wednesday evening. The cause of the phenomenon, which the astronomers had predicted, was the passing of the earth between the sun and moon.

FINE WORK

Adler's Planing Mill is putting in the counters, shelving and fixtures in the new Lutgen's candy and ice cream parlors. Curly redwood is used and the work would be a credit to any mill in the state.

Property Changes Hands

Through the agency of D. H. Twing, the following pieces of property have been sold: The old Manuel place near the San Luis school house, to Jas. Curtin of San Francisco.

Four acres of the Phillip Bill place east of town to Harry Reynolds of the metropolis.

The seven acre field near the bridge on the right hand side of the road from this place to El Verano, has been sold to Mr. Marzo, of the Garibaldi House of this city.

Andrew Max has purchased 10 acres in El Verano of John Warrell of the metropolis.

Has Good Position

Miss Bertha McGimsey has resigned the position offered her of Lombardi Dist., Mendocino Co., and accepted the offer of the Trustees of Hill Dist. near Healdsburg, to teach in that district. School will open on Monday next.

Miss McGimsey is a talented young lady and her many friends bespeak for her abundant success in her chosen profession.

A SAD DEATH

Mr. and Mrs. Geo. Cassidy, whose home is in the lower part of the valley, have the sincere sympathy of the community in the loss of their little six year old daughter, Muriel Joy. The dear little one had suffered from fever for many days and everything possible was done to alleviate her suffering but to no avail. Our Heavenly Father called the precious soul above.

The funeral took place Monday afternoon at 1 o'clock and was largely attended.

A Big Time at Sonoma Grove

Last Saturday night, July 20th, the Grove participated in a bunch of jollity as has never happened in Sonoma Valley, arranged by the ever courteous and genial manager, Chas. F. Boyd. Receiving a telegram from King and Queen Do Do of their arrival that evening, preparations were made to entertain the royal couple and their court. After a slight repast, served by the most fashionable caterer in Petaluma, Sad Sam, otherwise known as Mr. Smith, which was served in courses, the royal pair paraded the grounds and went to the dance hall on the bank of the creek, accompanied by their Majesties band of snoozers, which blew out, "We have no pain dear mother now." The hall was decorated in blue and gold.

The guests present were: King and Queen Do Do; Duc Olga Nethersole, Prince Joseph Felvy, The Murphy Sisters, the royal maids, Leslie Carter and Baron McGarrity, Duke of Glochester, Lizzieinsky, and Princess Mud O'Toole, Chas. Boyd and Madame Puyot Glupenslipper, Lillian Russell Nolan, Sir Graham La Creek, Edna May La Slush, Lord Shear Noddles, Mrs. Nolan and also the three generations of the Nolans were on hand. Peggy O'Brien was chaperoned by the Greek Duchess of Gothic Villa, Belle of the Grove, Lady Kate Felvy, Arch Deacon and Deaconess Samuel probably the catch of the season. Charming Roses and Mollie O'Toole. Mother Margarita Gallagher, and many others too numerous to mention. Mr. Charles Sportridge, the dramatist, presented "The Solution of Skimmed Milk," a very strong tragedy. The cast contained, O'ga Nethersole, the milk maid; Sad Sam, the hero tramp; Gloomy Gus, as Lizzy, the herione; King Do Do as the loving sister Clothilda; Queen McCormick, bereaved mother of 14 children; Murphy Sisters acted nonsense, love being their trouble; Joseph Felvy, heavy thinker but a sound sleeper; Katheryn Felvy as bell boy; Tess, a little thing; Nolan Sisters in the game next, Gertrude O'Tooler in music, Dr. Munyon, extractor of corns, Chiropodist.

The tragedy was well acted and the most dramatic incident of the piece was, the reviving of Lizzie Lizzienesky from a dead faint explaining the title of the play to "deckelicious" perfection Following came dancing, Ontario, "two stops" and "walter."

24 Year' Works--No Repairs

A Sharples Dairy Tubular Cream Separator has done work equal to 24 years in a 10-cow dairy without needing adjustment or repairs. Here is the record:

Hours in use	1,200
Pounds separated	1,080,000
Turns of crank	3,155,760
Turns of bowl	1,152,000,000
Oil used	Only 3 quarts
Adjusting and repairs	None

Every Tubular is just as durable, just as well made and just as economical as that one. The Tubular is the only separator holding such a record—the only separator that could stand such a test. Dairy Tubulars have waist low supply cans—enclosed self-oiling gears—a simple bowl suspended from a frictionless ball-bearing. I handle Tubulars and want to show you that they increase dairy profits 25 to 100 per cent, Come in when you can. Let me give you a catalog.

THE BADGE OF HONESTY

The above illustration represents the several native medicinal plants which enter into Dr. Pierce's Favorite Prescription.

It Stands Alone The one and only medicine for the cure of women's peculiar weaknesses and ailments, the ingredients of which are printed and placed upon every bottle wrapper leaving the great laboratory in Buffalo, N. Y., where it is made, is Dr. Pierce's Favorite Prescription.

It Stands Alone Not only in respect to its known composition, but also as the only specific advertised remedy for women's diseases which *absolutely contains no alcohol.*

It Stands Alone As the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do because his "Favorite Prescription" is made of such ingredients, and after a working formula that has thousands of cures to its credit—thus placing its merits above criticism.

It Stands Alone As nature's cure for the diseases peculiar to women, and is composed of Golden Seal root, Blue Cohosh root, Unicorn root, Black Cohosh root, Lady's Slipper root and chemically pure glycerine of proper strength, to extract and preserve the medicinal principles residing in the roots employed, for any length of time in any climate. It is scientifically prepared by experienced chemists and pharmacists at the laboratory of the World's Dispensary Medical Association, Buffalo, N. Y.

In the early sixties it was usually the duty of a practicing physician to ride many miles every day on his regular round of visits upon his patients. In those days a young man who had received a careful medical training in one of the best colleges of that day was accustomed to ride ten, twenty and often thirty miles or more, visiting the sick and afflicted. His success was soon phenomenal. Doctors and families called him for consultation to towns at considerable distances by rail. He became especially noted in the cure of obstinate and distressing diseases of women. He had early discovered that by combining the extracts of certain native medicinal plants *in just the right proportion*, without the use of alcohol, his "Prescription" almost invariably *cured* such cases. Later, in order to place this remedy before the public in a shape easily to be procured, he established a laboratory at Buffalo, N. Y., where regularly qualified chemists and pharmacists were put in charge to accurately prepare his "Prescription" and put it in shape for shipment. This remedy, which he named Dr. Pierce's Favorite Prescription, is not a "patent medicine," but is a real prescription of a real physician in a real practice, and hence the name.

Pierce's Pleasant Pellets These tiny, sugar-coated anti-bilious granules regulate Stomach, Liver and Bowels, cure Constipation and Bad Stomach, attended by foul breath. One or two for a laxative, three or four for a cathartic.

This great family Doctor Book FREE on receipt of 21 one-cent postage stamps to cover cost of mailing *only*; or, in fine cloth binding 31 stamps. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

BOOMING A LIBRARY

THE VALUE OF ADVERTISING PUBLIC INSTITUTIONS.

J. C. Dana, a New Jersey Librarian, Tells How to Make a Library Known and to Promote Its Work—Meeting Room a Help.

The value of a library to a town and how such an institution can do a world of good to the community in which it is located is told in a paper on "Making a Library Known," which was recently read by J. C. Dana, librarian of the Newark (N. J.) Public library, at a regular meeting of the Long Island Literary club in Brooklyn, says the Chicago Post. In discussing this question Mr. Dana expressed himself in part in the following terms:

"It is the newspapers, of course, which, of all outside agencies, help to make the library known. I do not need to enlarge on their most universal sympathy with the work of the library, their unfailing courtesy toward it, their readiness to print material in regard to it, even although it must often seem to the editors not to have a very strong flavor. A librarian must, of course, bring the material he wishes printed to the attention of the newspapers in the right way.

"His library must, in the first place, have that attitude toward the public which the newspaper may rightly expect the public to approve of. He makes it manifest, if he can, that he wishes to have the library's doorsill worn down as fast as possible by the coming and going of the feet of those who built and maintain it. Having made it plain that this is the general attitude of the library, he then presents the specific material he wishes to have printed in as attractive form as possible.

"The notes he sends, usually typewritten, are items of news, brief and plain, rather than demands or complaints. Most particularly he tries to keep the newspapers in touch with all changes and modifications of system. Nothing is better for a public institution than publicity. The people who pay for its support are entitled to know—it is a part of their education to know—all its ins and outs, its receipts, its expenditures, its methods, its plans and ambitions.

"Newspapers are almost invariably willing to insert these brief notes. They feel that about the management of a public library there should not be toward the public the slightest intimation of a desire for secrecy. Of course there are matters of petty and personal detail and subjects under consideration to publish which would show poor judgment or poor taste. The newspapers understand this.

"Work done for and through the schools is important. Every teacher is a possible promoter of the library's work. She can win to it every year, if she will, forty or fifty friends in her pupils and through them can win to its advocacy, and in a measure to its use, almost as many families. Small wonder that we ask the schools to help us!

"If the library have a room in which meetings, educational, charitable and civic, can be held these meetings may almost be placed next in order among the library's agencies for making itself known. Most libraries are far too conservative in this matter. Few will remain so long.

"The work which the library does for and with the study clubs and volunteer organizations of all kinds in its town is, of course, one of the good ways of making itself known, felt and appreciated. If the clubs meet in the library building the work for them is by so much the easier and more effective as a means of publicity. Many organizations have received much assistance from libraries in the way of suggestions of books and pictures.

"Circulars of all kinds and personal notes are helpful in bringing the library to the attention of individuals. Sometimes a weekly or monthly bulletin is sent to a group of people like the teachers or the members of some organization.

"Posters and bulletins hung in conspicuous places throughout the city are useful methods of gaining the attention of many. Posters, like books and circulars, should be as brief as possible. They should be well printed, and in case they are hung in hotel corridors, barber shops and other public places they should be neatly and simply framed.

"Exhibitions in the library, either of material belonging to the library itself or of paintings or other things lent for the purpose, in many cases draw many to the institution. These exhibitions, like some of the other things I have mentioned, are oftentimes more helpful in making the library known through the opportunity they give for newspaper note and comment than through the actual visits paid to them by people interested."

Moral Suasion and a Strap.

"She seems to have abandoned her moral suasion ideas relative to the training of children."

"She has?"

"How did it happen?"

"Well, I was largely instrumental in bringing about the change. You see, she has no children of her own, and I grew weary of her constant preaching and theorizing, so I loaned her our Willie."

"Loaned her your boy?"

"Precisely. She was to have him a week on her solemn promise to confine herself entirely to moral suasion."

"Did she keep her promise?"

"She did, but at the expiration of the week she came to me with tears in her eyes and pleaded for permission to whale him just once."—New York Mail and Express.

For the Use of the Right Hand.

The buttons on coats, etc., are placed on the right side and the shed of the hair in boys to the left evidently to suit manipulation by the right hand. The great philosopher Newton records that at first he confined his astronomical observations to his right eye, but afterward he managed to train his left. But there are persons who could not do this owing to the unequal strength of their eyes.—Chambers' Journal.

Entertained Her.

"Did Miss Gaddy entertain your proposal?" asked the close friend.

"No," was the sad answer. "It seemed to work just the other way."—

Engraved Easter Eggs.

Engraving on eggs is a special art in South America. The tools used are extremely delicate, and the utmost precision must be used in the process. The varying depths of the engraved line give light and shade to the design, and the result of this pure line engraving on the smooth oval shell is surprisingly beautiful. On the first day of spring the Easter eggs are put on exhibition, and no store is too small and shabby, none too important and imposing to fail to have its stock of eggs ready. A popular design shows a map of South America on one side and on the other two clasped hands, with a liberty cap below and a rising sun above.—New York Tribune.

A Few Years Hence.

As she tiptoed into the bedroom her husband raised his head from the pillow sleepily.

"Mrs. Jay was here to see you," he murmured. "She said she'd call again some other evening."

"And what did you tell her, John?" the wife asked as she laid her money and latch key on the bureau.

"Oh," he answered, "I just gave her the address of your club."—New York Press.

Earthquakes.

Among the many strange relationships which earthquakes hold to various natural phenomena there is possibly one between the times of their occurrence and of irregularities in the revolution of the world. For many years it has been observed that there are slight but irregular changes in latitude, or, in other words, the axis of our earth does not always point in the same direction. The pole wanders about in a mean position, sometimes in a path that is nearly circular, while at others it appears to be exceedingly irregular and even retrograde. The world top is not spinning truly, but it slightly wabbles. When the change in direction of its axis is sharp large earthquakes have been frequent. If a swiftly moving body is, so to speak, compelled to turn a corner, that it should be subjected to strains which might result in yielding is easily conceivable. Regarded from this point of view, the times at which strata in seismic strain give way are to some extent governed by erratic movements in the rotation of our sphere. The earthquake and the wabble may, however, be due to a common cause, and the question therefore is one which requires closer examination.—John Milne in National Review.

A Good Horse's Color.

A good horse cannot be a bad color, it is said. It is certain that Derby winners are not drawn from certain colors. Has a gray ever won the race, or a dun or a skewbald or a piebald? Has there ever been a thoroughbred of the latter type? Quite black thoroughbreds are rare, white still more so, gray uncommon even among the less exalted of public performers. The "Stud Book" would not bear out these statements where colors uncommon on the race course are described. The explanation is, of course, that the horse is there described as he appeared as a foal. An owner of a bay thoroughbred looked up the "Stud Book" to find his purchase pictured as a chestnut and complained to the men of whom he had bought the horse. The former owner assured him that the description was correct at the time it was entered. Other owners, less certain as to what color may appear when the first coat has been cast, have before now made such singular entries as "gray, roan or chestnut."—St. James' Gazette

His Name.

"Who is that long haired fellow?"

"Uriah Rembrandt Peiggs. He's making quite a name for himself."

"I should think he would. If my parents had given me a name like his I'd have started to make one for myself at once."
